

October 29, 2018

I am pleased to write a letter in support of the second annual Ottawa Canada-China Film Festival. I would also like to congratulate the Canada-China Friendship Society of Ottawa for launching this important festival and its commitment to enhancing Canadians knowledge of China's culture and its history.

Given that 2018 is the Canada China Year of Tourism, this festival will be a wonderful opportunity to strengthen the cultural ties and friendship between Canada and China. In addition, it will help to foster the values of Canadian multiculturalism.

I wish all festivalgoers a truly enriching experience.

Sincerely,

Catherine McKenney.
